OCTOBER MEETING

...Gene Schmedding

Our old friend from the Los Angeles area, Don Shoemaker, gave us our program. He and his lovely wife have gone almost all over the world to photograph the beautiful hummingbirds.

They have made "hummers" their hobby for a great many years. It is amazing how many variations of color that are found on these tiny birds, and how, in the sunlight the colors look like metal - gold, silver,

copper, ruby red and emerald green on their throats and wings, like jewels sparkling in the light. No wonder their nickname is "Jewels of the Garden".

The photography was outstanding. If a picture of a hummingbird can be taken and it looks like it is standing still in mid-air, you know the photographer is a whiz. Don says that his wife is the one that is taking most of the pictures these days. They even show one of her standing on a ladder to photograph baby birds being fed by "mama". I guess she is the brave one in the family now (at least that is what he said). There were also some beautiful pictures of his epis.

Our program for November will be slides taken of the flower show, and Christmas dinners, plus some epis. Our photographer, Charlie Coons will present our program.

* Don't forget to scout around in your supply of rooted cuttings and get one for each member of your party that will be attending the awards dinner. You will receive a rooted cutting for every member of your party in exchange for the ones you brought.

There were 89 members and four guests at the October meeting (the series game kept many home). Mr. Shoemaker said that if he lived in San Diego and was a Padre fan he wouldn't have come to the meeting either.

DECEMBER - ANNUAL CHRISTMAS PARTY AWARDS BANQUET.

* November is the last meeting to purchase tickets to the dinner party. If you would like to go and can't make the meeting, call Gus and Marge Schlapfer as soon as possible. Phone: (619) 460-3920.
